12/2010

# THANK YOU FOR YOUR SUPPORT.

By this, I would like to express my gratitude to everyone who supported Foundation CIMD. Only with your support, Foundation CIMD can make the meaning of his name become true: "shine and dream of a better future".

Also our staff and volunteers deserve my thanks, for their constant persistence, sometimes even in difficult circumstances.

Geert van Praet  
director CIMD

### **Many people supported us with goods in kind:**

- clothing
- penholders, balloons, pens, small backpacks, etc
- toys
- teaching toys/material
- medical material
- laptops
- reading books

### **Our volunteers:**

- for their help and advice.
- visitors, who sometimes changed their holiday plans, just to be able to help.

### **Special thanks to:**

- our sponsors and supporters.
- the personal sponsors who, via sponsorship, gives the chance to a sponsor child to a better future.
- The John Fawcett Foundation, which takes care of the operations and costs for children with cleft lip.
- Balieye and Kemanusiaan Indonesia for their cooperation.
- our fundraisers, for their support and new ideas to support our organisation.

## New on our website:

- **donations** can be done **online**.  
(Please do not use online payments for the sponsorship or payments for a specific project or program.)
- a link to **Facebook**, this social network gives us more possibilities and is an easy way to reach more people. Invite your friends to become member on this page.
- the **sponsor page** has a new layout, with a logo/link to the websites of companies and organisations to accentuate their support.
- on the page **helping**, we mention new ideas for sponsoring, with **practical donations** (donations with an immediate effect) and **active fundraising programs**.
- a page **volunteers** will be included.
- all our **files** are updated with a more attractive presentation.
- our **new logo** is ready.  
Selected and approved by our sponsor children, this logo will soon be on our website.  
You can put this logo on your website.

## 2011, the plans ...

2011 will become, without any doubt, a very important year for CIMD and we are ambitious !

- *The centre in our project Lovina will be a fact.*  
We new from the beginning, that it wouldn't be easy to find the necessary funds..  
But, step by step we will get there.
- *In our project Amed is the start-up planned for the program Reorientation and Integration,*  
for the Persons with Special Needs and children with Developmental Disorders.  
Also here we will need a centre.
- *Health and Nutrition.*  
In February-March we will make a study about the nutrition and health from children -5 years in our project Amed. End 2009 we had to support 18 babies and children with milk and vitamins. In 2011, we will expand this program also to the surrounding communities of Amed.
- *Partnership.*  
Cooperation with organisations inside, but also and especially outside Indonesia has high priority on our "to do" list for 2011. Such a cooperation is based on trust and needs time to build up, but will have a positive influence to our projects and programs. It is up to CIMD to give prove of her credibility.
- *Sponsor children.*  
Wouldn't it be perfect to find a personal sponsor for each of our sponsor children in 2011 ?  
Difficult ?  
No, not if you understand that for only 20 Euro a month, you can chance the life of a child completely and give it a positive impulse.

## Special person:

Ni Nyoman Marini

sponsor child in our project Amed.

Nyoman Marini became last year a sponsor child and since then she has made a big progress.

Without support from Yayasan CIMD she would work today as a nanny or low-level maid. Now, she wants to show us that we made the right choice and is very motivated to give herself a better future.

With result, she became 2e in her class with the examinations this month.

To make her "special person", we hope to find faster a personal sponsor for her.

## Practical donations:

### a bicycle

Donate a bicycle for a sponsor child.  
With this bicycle the sponsor child can go to school and becomes responsible for it.  
After graduation, we give this bicycle to a new sponsor child.  
Easy, cheap and healthy: a practical donation !

### a pair of pigs

Maybe this can look a little bit strange, but donating a pair of pigs, gives an opportunity to the parents of a sponsor child to earn some extra money or/and even can be the first step for a small business.

### nutrition package

This nutrition package contains milk and vitamins.  
Babies or children, under the normal growth standards will receive a package.
